	3	5	
<i>Add lines if necessary. The teaching organization and methods used are described in the point 4.</i>			
COURSE TYPE <i>Background, General Knowledge, Scientific Area, Skill Development</i>	Scientific Area		
PREREQUISITES:	No		
TEACHING & EXAMINATION LANGUAGE:	Greek		
COURSE OFFERED TO ERASMUS STUDENTS:	No		
URL COURSE:			

2. LEARNING OUTCOMES

Learning Outcomes

Please describe the learning outcomes of the course: Knowledge, skills and abilities acquired after the successful completion of the course.

The subject of the course is the analysis of the system of fundamental rights of the current Constitution. Individual rights are primarily aimed at securing a field of free existence and action of the individual from arbitrary interventions by state power. Social rights concern the obligation of the state to take positive measures to secure basic goods to citizens. At a first level it is necessary to present the common basic features that go back to the structure and operation of the relevant constitutional provisions. At the second level, the main individual and social rights are selected and interpreted

Upon completion of the course students should be able to:

- (a) Understand the classic threefold distinction of constitutional rights into individual, political and social according to their legal nature.
- (b) Describe their operation and areas of protection.
- (c) To analyze the regulatory scope of individual and social rights.

General Skills

Taking into account the general skills that the graduate must have acquired (as they are listed in the Diploma Supplement and are listed below), which of them is intended (for the course)?

ANNEX OF THE COURSE OUTLINE

Alternative ways of examining a course in emergency situations

Teacher (full name):	Dr. Christos Morfakidis
Contact details:	cmorfak@sw.duth.gr
Supervisors: (1)	Yes
Evaluation methods: (2)	written or oral examination with distance learning methods, provided that the integrity and reliability of the examination are ensured.
Implementation Instructions: (3)	Examination will be held according to the Examination Program announced by the Department. The exam will be held online, through the electronic platform of e-class. Those students who have been enrolled on the course and are aware of long distance education conditions, are allowed to take the examination. On the day and time of the examination, student must connect in groups on the electronic platform of e class, and choose the option Tasks from the column Active tools on the left, where they will find the relevant unit about the course exam. After they read and answer the questions, they will upload their answers on a single word doc, not later than the time provided, by pressing Submit Task and then Choose file. Before they upload the file with their answers, they must save their full name and register number. On their answers they must also write their full name, father's name, semester and register number. Those students who are examined orally, will contact the instructor through personal message.

(1) To be completed with YES or NO

(2) Note down the evaluation methods used by the teacher, e.g.

- *written assignment* or/and exercises
- written or oral examination with distance learning methods, provided that the integrity and reliability of the examination are ensured.

(3) In the **Implementation Instructions** section, the teacher notes down clear instructions to the students:

α) in case of **written assignment and / or exercises**: the deadline (e.g. the last week of the semester), the means of submitting them to the teacher, the grading system, the participation of the assignment in the final grade and every other detail that should be mentioned.

β) in case of **oral examination with distance learning methods**: the instructions for conducting the examination (e.g. in groups of X people), the way of pronouncing topics, the applications to be used, the necessary technical means for the implementation of the examination (microphone, camera, word processor, internet connection, communication platform), the way the hyperlink is sent, the duration of the exam, the grading system, the participation of the exam in the final grade, the ways in which the inviolability and reliability of the exam is ensured and every other detail that should be mentioned.

γ) in case of **written examination with distance learning methods**: the instructions for assigning the topics, the way of submitting the answers, the duration of the exam, the grading system, the participation of the exam in the final grade, the ways in which the integrity and reliability of the exam is ensured and every other detail that should be mentioned.

There should be an attached list with the Student Registration Numbers only of the beneficiaries to participate in the examination.
