READY TO BUILD BRIDGES?

BRIDGE is about connecting **people**, **places**, and **ideas**.
If you want a summer experience that matters – this is for you.

LEARN.
CONNECT.
MAKE A DIFFERENCE.

**LEARN.
CONNECT.
MAKE A DIFFERENCE.**

BRIDGE is an **intensive 2-week summer internship** where you **work with a community organisation** (NGO, school, cultural centre, third place) **in a European region.**

It is part of the EMERGE Alliance, a network of universities that believe learning should be connected to real social challenges.

This is not a typical internship:

You don't just "help" – **you learn with the community,**

Your work **responds to real local needs,**

Reflection and learning are as important as practice.

HOW TO APPLY

REMEMBER: you are applying for the BRIDGE Summer Community Engagement Internship, not for a specific project or organisation. Community engagement is about responding to real community needs – and **we promise it will be a meaningful and rewarding experience.**

Apply through your home university.

Each participating university manages its own application link, timeline and process. Applications open within the timeframe set by your home institution, so we strongly recommend applying early.

You will be asked to submit:

- an application form,
- a motivation letter (with guidelines provided by your university),
- a CV (with an updated photo).

For further INFORMATION, CONTACT THE **BRIDGE / EMERGE COORDINATOR AT YOUR UNIVERSITY.**
